School Principal's Signature *Gretchen A. Sukdolak* Date November 13, 2013 Update December 17, 2015

I certify that the information provided above and in the attached documents is true and accurate to the best of my knowledge. I understand that the accountability status determination reported in the Information Reporting Services (IRS) portal/nySTART is official and that the district and its school must meet all federal and State requirements pertaining to such accountability designations and expected student performance improvements.

I further certify that I have reviewed the Diagnostic Self-Review Document and met with the school leadership to discuss and revise the rubric ratings as appropriate and that I concur that the ratings provided in the rubric are an accurate assessment of the school's current performance in relation to the tenets.

Superintendent's Signature *D. Kane* Date November 13, 2013  
For New York City schools, the Community School District Superintendent must sign the self-assessment. Updated December 17, 2015

A Message to School/District Leaders:  
The purpose of the New York State Education Department (NYSED) school review is to provide all New York State (NYS) stakeholders currently involved in school and/or district evaluation cogent messages around school improvement and highly effective educational practices. Our thinking is that the more the NYS educational community engages in common practices and uses common language to evaluate and describe effective schools, the more readily we, as an educational community, will be able to provide high-quality seats to all students in our state.

## Guidance

The Diagnostic Self-Review Document provides an opportunity for the school, with the assistance of the district, to assess its current level of performance in regard to the school leadership, teacher practices and decisions, curriculum development and support, student social and emotional developmental health, and family and community engagement. Schools should use the self-review as an opportunity to identify actions to be taken to improve student academic results for the identified subgroup(s), describe the district resources to be used to implement the actions identified, and describe the professional development activities planned to support the implementation of the actions to improve student academic results.

The Diagnostic Self-Review Document and Report Template must be approved by the district's Board of Education (for New York City (NYC) schools, it must be approved by the Chancellor) and posted to the district's website by Thursday, October 31, 2013, as well as kept on file at both the school and the district offices.

## Completing This Form

- ✓ Before completing this form, please examine the rubric, and discuss the tenets and the statements of practice with the district representative who will be assisting you in completing, reviewing and approving your LAP Self-Assessment. As the rubric used for the Diagnostic Self-Review is the same one as used for Diagnostic Review for School and District Effectiveness (DTSDE) conducted in Focus Districts, the DTSDE website (<http://www.p12.nysed.gov/accountability/diagnostic-tool-institute/home.html>) contains helpful information about the rubric.
- ✓ In collaboration with your school leadership team and your district representatives, complete the Self-Review by identifying the strategies and practices you either are planning to implement or have implemented that meet the needs of your school, as identified by the assessment.
  - Pay particular attention to the performance of the subgroups that caused the school to be identified as requiring a Local Assistance Plan (LAP).
  - Use evaluative language and connect how the strategies and practices have or will impact teaching and learning.
  - Make sure the activities proposed reflect a new and robust direction or a continuation of practices that are showing evidence-based positive results in closing the achievement gap(s).
- ✓ Be concise and clear when describing the evidence that supports your ratings.
- ✓ Provide information in the plan that addresses the "who, what, when, and why" of the strategies chosen to meet the needs of the school.
- ✓ **Please Note:** The designation of a school as a LAP means that a school has areas that need improvement, particularly as they relate to the subgroup(s) of students who are failing to make academic gains. These areas should be reflected in the ratings, evidence and action plans outlined in this assessment.
- ✓ Before the completed Self-Review Document and Report Template are submitted to the Board of Education (for NYC, the Chancellor) for approval, the school superintendent must meet with the school leadership to discuss and revise the rubric ratings as appropriate.

A successfully completed Self-Review provides an accurate picture of your school and its needs and describes the actions you and the district will take to address these needs. The evidence and plans for improvement described in the document will closely align to the expectations put forth in the rubric, therefore aligning the plan to the optimal conditions for school effectiveness.

If you have any questions regarding completion of the Local Assistance Plan Self Assessment, please send an email to [accountinfo@mail.nysed.gov](mailto:accountinfo@mail.nysed.gov).

Rate each practice with an H, E, D, or I in the space provided. Before assigning a rating of Effective or Highly Effective to a Statement of Practice, the school should pay particular attention to how the statement of practice is related to the performance of the subgroup(s) of students who caused the school to be identified as requiring a LAP. When providing a response to a Statement of Practice that is Effective, Developing, or Ineffective, the school should specify whether actions will be targeted to the subgroup(s) of students who caused the school's identification or be part of a whole school transformation or turnaround strategy.

Tenet 2 - School Leader Practices and Decisions: Visionary leaders create a school community and culture that lead to success, well-being and high academic outcomes for all students via systems of continuous and sustainable school improvement.		
Rating	Statement of Practice 2.2: Leaders ensure an articulated vision, understood and shared across the community, with a shared sense of urgency about achieving school-wide goals aligned with the vision as outlined in the School Comprehensive Educational Plan (SCEP).	
<input type="checkbox"/>	<b>Highly Effective</b>	a) The school community shares and promotes a distinctive and robust vision for student achievement and well-being based on data and holds itself accountable for working as a community to realize this vision as outlined in its SCEP and other school improvement documents. b) The vision is created and enthusiastically supported by staff, families and students such that it is uniformly seen, heard and known across the community. c) The school community develops and works toward specific, measurable, ambitious, results oriented and timely goals that reflect urgent priorities and ensure the realization of the vision.
<input checked="" type="checkbox"/>	<b>Effective</b>	a) The school community shares a <u>vision</u> concerning student achievement and well-being and for how they want to <u>work as a community to realize this vision</u> as outlined in the SCEP and other school improvement documents and data. b) The vision is created by a select group of staff and families and is supported by the school community such that it is uniformly seen, heard and known across the community. c) The school community develops and <u>works toward specific, measurable, ambitious, results oriented and timely goals that reflect priorities that are aligned with the vision</u> .
<input type="checkbox"/>	<b>Developing</b>	a) The school community has a vision for student achievement and well-being and is in the process of developing shared ownership and ways to incorporate findings from the school's data. b) The vision created is gaining more support with the staff, families and students across the community. c) The school community is developing and working toward specific, measurable, ambitious, results oriented and timely goals; these goals are not priorities aligned to the vision.
<input type="checkbox"/>	<b>Ineffective</b>	a) The school community has a vision, but it is misaligned to student achievement and well-being based on the school's data. b) The vision is unknown, not commonly understood and/or has not been shared with the staff, families and students across the community. c) The school community does not develop and work toward goals, or, if the community is working toward goals, they are not specific, measurable, ambitious, results oriented and timely.

Rating	<b>Statement of Practice 3.3:</b> Teachers ensure that unit and lesson plans that are appropriately aligned to the CCLS coherent curriculum introduce complex materials that stimulate higher-order thinking and build deep conceptual understanding and knowledge around specific content.							
<input type="checkbox"/>	<b>Highly Effective</b>	a) Teachers are supported so that their instructional expertise is developed and nurtured during regularly scheduled grade-level meetings, which are guided by targeted agendas based on student and school data to ensure that all unit plans across their grade/subject are appropriately aligned to the CCLS coherent curriculum and meet students' needs. b) Teachers use pacing calendars and unit plans across all grades, content areas and classes that expose students to a progression of sequenced and scaffolded complex materials appropriately aligned to the CCLS that meet the learning needs of pertinent groups of students (i.e., special education and English language learners) so that they are able to achieve at high consistent rates. c) Teachers use CCLS appropriately aligned lesson plans that promote higher-order thinking skills in all groups of students and develop analytical, evaluative and reflective skills across content areas by providing supports and extensions necessary for student achievement.						
<input type="checkbox"/>	<b>Effective</b>	a) Teachers formally participate in grade-level or other meetings to collaboratively create and examine coherent CCLS-appropriately aligned curriculum unit plans across their grade/subject. b) Teachers use appropriately aligned CCLS pacing calendars and unit plans across all grades, content areas and classes that expose students to a progression of sequenced complex materials. c) Teachers use CCLS-appropriately aligned lesson plans that promote higher-order thinking skills and help students analyze information.						
<input checked="" type="checkbox"/>	<b>Developing</b>	a) Teachers formally participate in grade-level or other meeting opportunities to discuss unit plans across their grade/subject areas. b) Teachers use unit plans in classes that expose students to materials aligned to their grade. c) Teachers use lesson plans that are aligned to standards and appropriate for the grade and subject.						
<input type="checkbox"/>	<b>Ineffective</b>	a) Teachers meet informally and/or have no systems or protocols for working on unit plans. b) Teachers use grade/subject materials that are not aligned to unit plans or pacing calendars. c) Teachers do not consistently use lesson plans to instruct students that are aligned to the standards or appropriately addresses the grade and subject.

Rating	<b>Statement of Practice 4.5:</b> Teachers use a variety of data sources including screening, interim measures and progress monitoring to inform lesson planning, develop explicit teacher plans and foster student participation in their own learning process.	
<input type="checkbox"/>	<b>Highly Effective</b>	a) Teachers use summative and formative assessments including screening, progress monitoring, interim measures and outcome assessments to develop highly dynamic and responsive plans, based on students' strengths and needs. b) Teachers use a wide variety of relevant data sources to create robust lesson plans that account for student grouping and to determine the appropriate intensity and duration of instruction. c) Teachers provide frequent and relevant feedback to students based on the analysis of timely data, and students draw on the feedback so that they can reflect, adjust and assess their own progress.
<input checked="" type="checkbox"/>	<b>Effective</b>	a) Teachers utilize data sources and analyze the information provided from such sources to inform instructional decision-making, including student grouping and instructional strategies. b) Teachers use targeted plans to adjust student grouping and instructional strategies based on data for most students. c) Teachers provide frequent feedback to students based on the analysis of timely data and provide students with their next steps.
<input type="checkbox"/>	<b>Developing</b>	a) Teachers utilize data sources to inform instructional decision-making. b) Teachers have action plans for adjusting student groupings, but the plans lack specificity and do not provide targeted intervention for students requiring additional support. c) Teachers provide data-based feedback to students.

Describe the process used to develop this plan pursuant to CR100.11.

A clearly articulated plan of action based on data, conversations and meetings with staff in the spring of 2013 have led to the development of this plan. A diverse group of staff worked together to formulate evidence for this project include representation from the following departments: Art, Special Education, PPS/Counseling, General Education, Math, Central Office, MS Administrative Team.

Implementation and conversations regarding refining the work will take place from September 2013-June of 2014.

Provide any additional information that is relevant to the Local Assistance Plan but is not addressed in the tenets and/or SOPs.

Tenet 2 speaks directly to leaders creating a school community and culture that leads to success. The tenet talks about developing high academic outcomes for ALL students and continuous, sustainable school improvement. The use of evidenced based systems to examine data and the use of the data to drive instructional, curriculum, practices, engagement, etc. is critical in the development of success for all students as mentioned (statement of practice 2.3).

Through the current LAP (2013-2014) and subsequently the creation of the QIP in the spring of 2015, the CCMS seeks to continue to work on this tenet relative to improving student achievement, students engagement and the success of all students.

Tenet 3 refers to alignment with the CCLS, curriculum and assessment for all as well as modified subgroups and the improvement of instructional practice. Tenet 3 refers to stimulating HOTS and ensuring conceptual understanding.

In both cases, self evaluation led to a designation of developing which in turn, led to an exploration of curriculum, examination of staffing/assignments related to same and the use of evidence (gathered through observation/walk through's in 2013-14 and now the 2015-16 school year) related to instructional practice - specifically student engagement, that will drive improvements across grade levels and content areas. STAR assessment data identifies 53/91 students with special needs as meeting their targets across grades 5-8.

Only 13/20 at grade 8, met their target. In addition at the 8th grade level, 21 students received a score of "2" and 13 students received a score of "3" on the NYS ELA Assessment, causing the CCMS to re-examine instructional practices, course offerings and AIS support for and with regard to this student population.

In the 2015-16 school year, the addition of a teaching assistant certified in ELA at the 7 & 8 grade level will assist as well as target specific supports in ELA by integrating and developing the skill sets needed for a greater exploration of material. Purposeful, targeted instruction will occur in the use of HOTS (higher order thinking skills), focus on individual student plans (centered around student strengths as well as skill deficits), focus on the use of text-based evidence and developing a "claim" based upon these evidentiary pieces will be part of the program. Students will be grouped across the 7 & 8 grade spectrum to help increase student achievement (shift 2's to 3's and 3's to 4's) as well as provide support to our struggling students/population via the following methods, programs, assessments and strategies: STAR Assessments; Monthly "practice" for skill extraction and progress monitoring of same; RACE-restate & answer the question, cite & explain evidence.

Other : Use of ICE quotes for short answer & essay questions (ICE-interpret, cite, evidence). KAGAN structures and use of the following-Quiz, quiz, trade; Numbered Heads Together, Mix-n-match, etc. Instructional shifts in ELA and an alignment to the standards are necessary.
